WORK
BY LUIGI ROMANELLI

"A format for every space" is the maxim Italian architect Luigi Romanelli had in mind when designing Work for APE Grupo. From an architectural and project point of view, it is interesting to be able to use the same material without changing the style, which is why the collection presents a wide variety of finishes and formats. In this way, the warm nuances of each of the pieces can be appreciated; pieces with an ultra-thin, rectified and matte finish that conquer any space.

«Un formato para cada espacio» es la máxima que tenía en mente el arquitecto italiano Luigi Romanelli a la hora de diseñar Work para APE Grupo. Desde el punto de vista arquitectónico y del proyecto es interesante poder utilizar un mismo material sin cambiar el estilo, por lo que la colección presenta una gran variedad de acabados y formatos. De esta forma, se aprecian los matices cálidos de cada una de las piezas; piezas con un acabado ultrafino, rectificado y mate que conquistan cualquier espacio.
