ALEXANDRIA

The marble that inspires Alexandria is a precious stone from Greece that exudes luxury. The collection features a white base where veins ripple the surface, as if the breeze has subtly touched them. Soft to the touch, Alexandria's pieces are protected by a special enamel, just like its Spektra Matt relief, and offer a polished grained finish that adds exclusivity, making it the ideal choice to combine with other collections.

El mármol en el que se inspira Alexandria es una piedra preciosa procedente de Grecia que destaca por emanar lujo. La colección presenta una base blanca donde las vetas ondean la superficie, haciendo parecer que la brisa las haya tocado sutilmente. De tacto suave, las piezas de Alexandria están protegidas por un esmalte especial, al igual que su relieve Spektra Matt, y ofrecen un acabado con granilla pulida que aporta exclusividad, convirtiéndola en la opción ideal para combinar con otras colecciones.
