DOWNTOWN

Far from the cliché that it is a hard, rough and cold material, cement brings freshness and modernity. Downtown is the Carmen collection that was born from this idea and introduces cement into the private sphere. The result is a beautiful collection that, fused with the crackle of traditional ceramics, conveys a feeling of spaciousness and light in each of its pieces. The colors white, concrete, grey, sand and coal give this small format series a modern and metropolitan elegance. The commitment to the rose tone stands out.

Lejos del cliché de que es un material duro, tosco y frío, el cemento aporta frescura y modernidad. Downtown es la colección de Carmen que nace de esta idea e introduce el cemento en el ámbito privado. El resultado es una bellísima colección que, fusionada con el craquelé de la cerámica tradicional, transmite sensación de amplitud y luminosidad en cada una de sus piezas. Los colores white, concrete, grey, sand y coal dotan de una elegancia moderna y metropolitana esta serie de pequeño formato. Destaca la apuesta por el tono rose.
